Hon. Eugene Townsend,

Supt. of the Mint,

Philadelphia, Pa.

Dear Sir:-

Your circular, setting forth the regulations for receiving gold bullion for coinage or conversion into fine standard or unparted bars, is received.

You are respectfully advised that the nine pieces of bullion which I hold as Receiver of the Columbia National Bank are largely composed of silver. One paragraph of the circular states that the deposits of less value than $100. may be refused; also bullion so base as to be unsuitable for the operation of the Mint. I am not sure but that the bullion I hold, being largely silver, would come under the latter clause of the above paragraph. As this bullion is constructively in the possession of the Comptroller of the Currency, I desire to be advised whether you will receive the same and allow me the exact value of it, even though the bullion is largely composed of silver. The entire amount of bullion is probably worth from three to four thousand dollars. Of course, I do not care to send this bullion by express to your Mint unless I am sure you will accept the same.

Very respectfully,

Wm. C. Niblack

Receiver, Columbia National Bank.
